CHAPTER 02

What the Platform Does

K&K Legal Associates operates as a comprehensive legal services firm. Through its website, kandklegal.com, the firm presents its expertise, guides prospective clients through each practice area, and invites them to book a free consultation. While the firm offers broad counsel — “covering everything from corporate law to family disputes” — its website is organised around three flagship service pillars.

The Three Service Pillars

Pillar	What It Covers	Who It Helps
Real Estate	Buying, selling and leasing; closings; title & survey; contracts and attorney review.	Home buyers & sellers, landlords, investors, developers.
U.S. Immigration	Work permits (H1B, L1), Green Cards, citizenship / naturalization, student visas, PERM & compliance.	Workers, families, employers, students.
Estate Planning	Wills, trusts, probate, business succession, charitable, pre-nuptial, domestic & Medicaid planning.	Individuals, families, business owners, retirees.

How Engagement Works

Across every practice area the firm follows a consistent, client-first path: understand the client’s goals, explain options in clear and practical terms, then execute efficiently to meet those objectives.

- **Free consultation** — every service page invites clients to “Get a Free Consultation” to discuss needs and fees.
- **Personalised advice** — sector advisers focus on the issues most relevant to the client.
- **Integrated execution** — the team partners with the client’s other advisers so the advice is actionable.
- **Efficiency-led outcomes** — success is defined as meeting the client’s objectives efficiently and effectively.
